MEMORANDUM FOR: Mr. William E. Nelson
Chief, Far East Division

Mr. Paul Walsh
A/DDI

SUBJECT : Air Operations Study

1. Attached is a copy of a paper on air operations in Southeast Asia forwarded to Dr. Kissinger, Admiral Moorer, Under Secretary U. Alexis Johnson and the DCI via a 28 June transmittal note signed by Mr. Packard.

2. General Cushman asked me to handle action and distribution. The copies being sent to you two gentlemen are the only copies being made. The original is in our office. After we have all had a chance to consider the paper, we will probably need to concert on a briefing note for the Director prior to discussion of this paper at the 40 Committee/SRG or some similar forum.
